

## Holywell C of E Primary School

### PUPIL PREMIUM STRATEGY for 2020/ 2021

The Pupil Premium is additional money allocated to the school to specifically ensure better outcomes for children who are or have been on Free School Meals, Armed Service family children, adopted children and children who have been looked after (including those children with a special guardianship order, a residence order or a child arrangement order).

At Holywell, we have:

		Nº of pupils	Budget
2020/2021	PP x FSM	3	£6725
	PP x adoption	4	£9380
			=£16,105

Year group	Nº of PPP in 2020/2021
Rec	0
Y1	2
Y2	2
Y3	1
Y4	0
Y5	1
Y6	2

Therefore, the school has received **£16,105** (based on FSM Register at Annual Census) for 2020/2021 to find creative ways to support PP children to enjoy their learning and fully engage in school life.

**Staff and Governors need to ask the following questions:**

- How well do our PP children achieve?
- How good is the overall personal development and well-being of the children?
- How well is their progress and attainment tracked?
- How well are additional learning needs of children diagnosed and provided for?
- What opportunities do they have to develop self-confidence and to work in teams?
- How well is equality of opportunity and inclusion promoted?
- How effectively do we make links with parents, other providers, services and organisations to promote the integration of care, education and any extended services to enhance learning and promote well-being?

When deciding how to spend our pupil premium grant, we need to look at the potential barriers to learning faced by pupil premium pupils in the context of our school. The reasons for underachievement are many and varied and include; low aspirations, narrow experience of life outside school,

less support from home; social and emotional difficulties due to complex family situations or behaviour difficulties. Each child entitled to the pupil premium grant is unique in their situation and our response to their needs reflects this.

### Barriers to future attainment for pupils eligible for PP

#### In-school barriers:

Pupils affected by the COVID19 pandemic and lockdown – even though PP children were encouraged to return to school in June 2020, no one did as parents so concerned for their welfare and safety.

Behaviour issues for 1 pupil may have a detrimental effect on their academic progress and that of their peers.

1 pupil eligible for pupil premium also has complex SEND

50% children eligible for pupil premium are affected by social, emotional and mental health issues.

#### External barriers:

2 children eligible for pupil premium are impacted by family issues requiring support from other services

A lack of aspiration from some parents and carers impacts a number of children eligible for pupil premium.

With this in mind, at Holywell we aim to build the capacity and expertise to enable us to provide a highly personalised programme of support in order to allow each child to reach his/her full potential.

Our key objective in using the pupil premium grant is to narrow the attainment and achievement gap between those entitled to pupil premium and those not. There is a pattern, of pupil premium pupils doing better than other pupil premium pupils nationally but not as well as those who are not entitled to the pupil premium grant. We aim to narrow and even remove this gap.

We will ensure that:

A high profile is given to Pupil Premium Pupils

All staff are accountable for the progress of Pupil Premium children

The progress and attainment of all pupils at Holywell is carefully tracked and analysed from a rich field of data in order to draw conclusions and develop action plans. We also make use of educational research in order to decide how best to spend our funding to maximise the opportunities for our pupils.

Pupil Premium Strategy September 2020 – August 2021

Pupil premium used for:	Amount allocated	New or continued	Summary of the intervention/action	Intended outcomes	How impact is to be measured?	Impact and how barriers to learning are addressed
